

Who's in Charge, You or the Situation?

This interactive event will challenge your skills of perception, and provide for lively discussion of the importance of enhanced situational awareness in all aspects of airport operations. Bring your smart phone or computer (wi-fi not provided locally, bring "hotspot" if you have one to share). We will be answering questions and displaying statistics live as we go. Refreshments will be provided. Bring your logbook if you would like to log this ground instruction from a current CFI. Social gathering at 6:30, event at 7:00 pm.

Directions: See Additional Info section for details.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
